The school is located on the outskirts of the city, in a quiet zone. Barrier-free access is provided throughout the campus. The building of the school is large, with enough space for tribal classes, professional classrooms, relaxation rooms, gym, library, information centre. The school also has a multi-sensory room - snoezelen. The fenced area includes a school grounds with an arboretum and a ball track, a multifunctional playground, a long jump area, an outdoor gym, a playground, an outdoor classroom.

The advantages of the school include above-standard equipment for teaching physical education - small trampolines, cross-trainer, exercise bike, boxing machines, treadmills, suspension systems TRX, Flowin, Bosu, large trampoline, table tennis facilities and more. Music education equipment - drum kit, electronic drum kit, drumbeats for all pupils. Premises and equipment of professional classrooms - training apartment, metal workshop, wood workshop, art workshop, ceramic workshop. In all tribal classes, there are data projectors, in some classes also interactive whiteboards.

The school is fully organized. It provides education for pupils from the 1st to 9th years and for children in the preparatory class.

Its number of pupils ranks among small family-type schools with great emphasis on individual approach to each pupil and pupils - foreigners, differentiated education of each pupil, teaching in classes with a small number of pupils, teaching in special classes according to §16, paragraph 9 of the Education Act.

In the classrooms, we offer a comfortable, quiet environment with a small number of pupils, using alternative teaching methods for each pupil so that everyone has success and experienced and moves progressively in learning, improving skills, knowledge, communication, relationship building, collaboration, and learning responsibility for himself.

We are trying to build positive relationships between pupils, students and teachers, teachers and pupils' legal guardians. Ensuring a safe school environment is a priority.

School education programs according to which the school educates pupils: Open school - primary school education program, Open school - primary school education program - LMP, Open school - basic education (special school education program), Open school - school education pre-school education program.

The school creates conditions for the development of extraordinary talents and talents mainly in the music, dance, art, work and sports fields.

The school main aim is to give a chance to experience success for all children and pupils, to equip them with competencies for practical life and for solving everyday life situations.

Possibility of an individual tour of the school in agreement with the school head.
